Phone: (866) 228-9433

## **It's Finally Here!**

**“We continually had clients ask us if we had programs for students.”**

This new curriculum for students is co-authored by Dallas Teague Snider, founder of Make Your Best Impression and America’s Business Etiquette Coach and Karen Sladick, Founder of Organize 4 Results. Joining forces they created this new company, **A+ Learning Institute, LLC** that focuses on providing quality and life changing programs for students.

A+ Learning Institute, LLC has developed the ultimate innovative and timely course on organization and etiquette specifically designed for high school students. Engaging students with relevant examples and role-play opportunities, **Success Skills for Life™** is a resource workbook that will truly prepare students to be successful in life.

Students will develop strong organizational and etiquette skills, not just in their school life but also in their personal and work lives. Additionally, students gain confidence in social situations as they acquire and practice communication, job interviewing, dining and entertaining, professional networking, social media and networking etiquette. Students will learn how to make the most of every situation propelling them to reach their true potential.

Recently both Karen and Dallas were presenters at the **2010 Joint Student Leadership Conference** for the Alabama Department of Education.

*“Thank you so much for your participation. As I go through the conference evaluations, the results indicate that your presentation scored high. They Love You! Thank you again for your participation and expect us to call again and again.”*
